Help-Your-City-Suggestion-Box

Do you co-operate with heads of city departments by notifying them of conditions which should be brought to their attention? They will welcome co-operation.

Do you ever discuss civic matters with the alderman or school trustee of your district? If not, why not?

The city departments can't see everything. There aren't enough hours in the day. A quarter million pairs of eyes, co-operating with the city departments, should increase greatly the promptness and effectiveness of the various city services.

If you will note, on the attached cards, any suggestions you would like us to consider, we shall look carefully into each item and report to you.

Tear off a card and forward your suggestion to the Bureau of Municipal Research.

All communications marked "Confidential" will be treated as such.
